

ART (INCLUDING GRAPHICS OR FINE ART)

Minimum entry grades: recommended grade 6 at GCSE Art.

Through investigating the work of various artists, experimentation, developing your own skills and the collation of a portfolio of work, students will leave the course as accomplished and confident artists.

Why study it?

By studying art you will enrich your understanding of the world, develop your creativity and be able to express yourself through your work. A creative mind is highly valued by employers.

This subject is for you if...

- You enjoy learning about people and their societies, economies, cultures and the environment.
- You are keen to learn and develop a wide range of transferable skills.
- You are seeking a broad based academic degree, offering excellent graduate employability.

Where can it lead you?

Art can lead to many careers, many of which you may not have considered. For example:

- Animator
- Ceramics Designer
- Fashion Designer
- Photographer
- Theatre / Television / Film
- Textile Designer
